

AISHA MAHMOOD

Full Stack Developer | React.js & Next.js Developer

Karachi, Pakistan | ayeshamahmood553@gmail.com | +92-345-8941876 | linkedin.com/in/aisha-mahmood-96ba9927b

Web Portfolio: myportfolio-azure-theta-28.vercel.app

SUMMARY

Full Stack Developer with hands-on experience in web development using React.js, Next.js, TypeScript, and Node.js. Skilled in building responsive, user-focused frontend interfaces with Tailwind CSS and shadcn/ui, along with backend work involving REST APIs and MongoDB. Experienced in freelance, remote, and team-based projects with a focus on clean code, component architecture, and end-to-end feature delivery.

PROFESSIONAL EXPERIENCE

Naxasware — Full Stack Developer (Internship)

May 2026 – Jul 2026

- Worked as a Full Stack Developer building and maintaining web application features using Next.js and TypeScript.
- Learned and applied Next.js concepts including file-based routing, server-side rendering, and API routes.
- Gained hands-on experience writing type-safe frontend code with TypeScript to improve code reliability.

Krytix Solution — Frontend Developer (Intern)

May 2025 – Aug 2025

Karachi, Pakistan

- Built responsive web apps using React.js with optimized performance.
- Developed reusable components using React Hooks.
- Integrated REST APIs with proper error handling and loading states.

MindX Virtual Solution — Frontend Developer & Client Acquisition

May 2024 – Sep 2024

Karachi, Pakistan

- Developed responsive websites and collaborated on UI/UX improvements.
- Acquired clients through LinkedIn for freelance and remote web projects.
- Maintained client relationships with effective communication.

PROJECTS

Tyre Shop E-Commerce Website

Full Stack Developer (Team Project)

Tech Stack: Next.js, TypeScript, Tailwind CSS, shadcn/ui, Node.js, MongoDB

- Developed a fully responsive e-commerce web application for a tyre retail business using Next.js and TypeScript.
- Built and integrated key frontend pages (Product Listing, Product Detail, Cart, Checkout) with dynamic routing and cart functionality.
- Worked as Backend Developer, building REST APIs and integrating MongoDB for product, cart, and order management.
- Designed reusable UI components (ProductCard, Navbar, FilterSidebar) with Tailwind CSS and shadcn/ui, ensuring mobile-first responsive design.

Aquarise Interflow (FYP)

- Developed a multi-vendor water delivery platform with authentication and vendor ratings.
- Implemented product management (add, edit, delete) and order management system with billing.
- Built a responsive UI using React.js, Redux, and Chakra UI.

Authentication Flow App

- Designed and developed a complete login/signup system with password reset via OTP.
- Built a fully functional flow from signup → email verification → password reset.
- Used React.js for frontend and secure API integration for backend communication.

CORE SKILLS

Frontend: React.js, Next.js, JavaScript, TypeScript, HTML, CSS, Tailwind CSS, shadcn/ui, Redux

Backend: Node.js, REST APIs, MongoDB

Tools & Practices: Git, Component Architecture, Responsive Design, Agile/Team Collaboration
